

Science Advances

Article Processing Charges (APCs) for *Science Advances* – How Authors from CRUI Consortium Members Can Apply an Affiliation Discount

Introduction

This document provides an overview for authors on how to apply an affiliation discount for *Science Advances*, the gold open access journal of the American Association for the Advancement of Science (AAAS). Please note that *Science Advances* only offers affiliation discounts on APCs to authors affiliated with select institutions. (For more information about *Science Advances*, see: <https://advances.sciencemag.org/>.)

How To Preview An APC and Affiliation Discount

During submission. When submitting a paper, the corresponding author(s) has the possibility of viewing the Publication Charges (APC) before submitting.

At the Validate stage (the last stage of Submission), scroll down to the Publication Charges section, and click on View Publication Charges. Follow the steps in How To Apply An Affiliation Discount to view the APC total and to confirm if the affiliation discount has been applied.:

The screenshot shows the Science Journals AAAS manuscript submission interface. At the top, it says 'Science JOURNALS | AAAS' and 'Welcome Nazim (nazim.mohammed@gmail.com) Logout'. Below that, it says 'Science Advances AAAS'. A navigation bar at the top has tabs: 'Welcome', 'T&C', 'Article', 'Related Documents', 'Authors', 'Manuscript Information', 'Dataset', 'Reviewers', and 'Validate'. The 'Validate' tab is highlighted. A red arrow points to a blue button labeled 'View Publication Charges' in the 'Publication Charges' section. Below the button, text reads: 'Below is a summary of the information you have provided. If required information is missing and/or steps are incomplete, this is indicated below in red. To complete required fields, navigate back to the appropriate section by clicking on the labeled arrows/tabs above, or by clicking Edit within each section.' and 'Once you click the Submit button, you will not be able to edit your submission record unless we contact you and ask you to upload a file again. You may reach out to submit_help@aaas.org for help with additional files before submitting.'

The screenshot shows the 'Publication Charges' section of the Science Advances manuscript submission interface. It includes a note about APCs and a link to contact support for waives. A red arrow points to the 'View Publication Charges' button.

Publication Charges

Science Advances is an online-only, gold Open Access journal supported by Article Processing Charges (APCs) paid upon manuscript acceptance. Please click the 'View Publication Charges' button to see the base APC for your article. Your final APC may be different from the estimate, as a result of AAAS membership status or the length of your manuscript.

If you or your co-authors do not have the means to pay the APC, you may request a full or partial waiver through the journal's business office at scienceadvancesstaff@aaas.org. Please include your contact information, manuscript title, and manuscript number in any correspondence you send us. Waiver requests are considered on a case-by-case basis and Science Advances' editors are not involved in the decision-making process. Additional information on waivers, discounts, and license options can be found at <https://www.science.org/content/page/science-advances-licensing-and-charges>.

[View Publication Charges](#)

Click on View Publication Charges and follow the steps in “How To Apply An Affiliation Discount”.

How To Apply An Affiliation Discount

1. **Access the Charge page.** Upon provisional acceptance, the corresponding author(s) will receive an email requesting APC payment and providing a link to the charge page on the RightsLink payment platform.
2. **Select a License** and click the “Next” button. Authors must select a publication license for their manuscript. *Science Advances* offers both [CC BY-NC](#) and [CC BY](#) licenses. Authors should check with their funding body to see if they are required to publish under a CC BY license.
 - a. If the discounted affiliation has been entered into the manuscript record in our submission system, the discount will automatically apply.

3. **Select Institution.** In the Apply Discounts section, the institution used for an affiliation discount will appear in the “Your Institution” Box. The name that appears is the official [Ringgold](#) Organization Name.
 - a. If the affiliation that appears in the “Your Institution” box is not correct or not triggering a discount, it may simply be deleted and replaced with the correct institution name. Please see [section on the manuscript submission system](#) for more information on this.
 - b. In order for the affiliation discount to correctly apply, the author must select the institution that has the agreement with AAAS that grants them access to journal content, rather than their particular department or sub-body. For example, the author would need to select “**Universita degli Studi di Napoli Federico II**” rather than “**Universita degli Studi di Napoli Federico II Dipartimento di Farmacia**”.

Substantial light woodland and open vegetation characterized the temperate forest biome before

Author Affiliations in AAAS's Manuscript Submission System (CTS).

a) Each manuscript record contains a list of authors as well as their affiliations. This is the source of the affiliation information used to apply discounts.

- Note: Depending on the stage of the submission, the view may differ from the screenshots below.

If our system was unable to extract your author list and you have more than 50 authors, download our template [here](#), fill it out, and [upload it](#).

To modify the order of authors listed, click on an author's number. This will allow you to modify that author's location on the author list.

A unique email address is required for each author as it will be their username. Once an email is linked to an author name in our system, it can only be updated by the account owner or staff. Please contact submit_help@aaas.org for assistance.

No	First/Given name	Last/Family name	Email Address	Institutions	First Author(s)	Corresponding Author	Contributed Equally	Action
1.					<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	

A unique email address is required for each author prior to saving this author list.
